Editor's Message

Dear Readers,

I take immense pleasure in presenting to you, ninth issue of UDGAM-the official newsletter of GNIOT Group.

In the past semester, GNIOT campus was vibrant with the number of academic and extra-curricular activities like the techSparks, organized by the Technical club of GNIOT. Also we welcomed our freshers, batch 2015-16, in a splendid way. The social club organized 'Blood Donation Camp', in association with Rotary Club of Ghaziabad, and a visit to old age home "Guru Vishram Vridh ashram" at Sarita Vihar, New Delhi. The campus was buzzing with life and activity.

The editorial board is extremely thankful to the members of GNIOT Group for their tremendous response in providing the information related to their academics and research activities. Our students have also contributed a lot for this issue and deserve a special mention.

This issue highlights the humane side of the young techno-fraternity.

We also hope that UDGAM in its new garb will be received with warmth. We eagerly await the valuable suggestions of one and all only at udgam@gniot.net.

Thanks and wishing you a very happy reading!

Wish you all a very HAPPY NEW YEAR-2016.

DIRECTOR ALONG WITH STUDENTS DURING DIWALI CELEBRATIONS

Higher education is the yardstick by which the progress of every nation is measured. Today, as India stands at the doorstep of the most exciting future replete with possibilities of unprecedented growth and development, higher education stands out as the pivotal variable - a factor that all of us as responsible citizens have the good fortune to impact. Today, industry, academia and the general society all need to join hands to share each other's expertise, enthusiasm and commitment to make a truly skilled, progressive and responsible Indian citizenry a reality.

At GNIOT, it is our endeavour to produce professionals who have the optimum mix of attitude, skill, culture and knowledge to adopt themselves to the emerging trends with confidence and pursue their chosen professions with comfort. Our objective is to create a breed of qualified, innovative and dynamic professionals for corporate sectors, the service industry, for self-employment and for academic & research institutions of socio-economic importance.

We welcome our new batch of engineers, MBA's and MAM's in the current academic session, 2015-16.

Learning, growth and development can only occur when individuals are open and motivated to reach a higher level of achievement. In order to achieve optimisation, motivation of all partners (students, faculty and staff) in the learning process is vital to success. GNIOT believes that exceptional teaching unites teacher, student and subject on the journey of intellectual, emotional, social and ethical development of the student.

We strongly believe in human values and our commitment to the Nation and human society. Accordingly, our teaching-learning process is based on motivating factors, discipline, although in relaxed natural ambience. We are determined to help our students to understand the power of words, appreciate the beauty of languages, and learn the art, science and technology. At GNIOT, infrastructure, curriculum, faculty and students i.e. four basic component of education system are perfectly blended to ensure our vision.
