About the Salesforce Virtual Internship Program

To prepare the young talent for the salesforce job market in India, Salesforce has launched the virtual internship program through AICTE internship Portal in partnership with NASSCOM Future Skills, Monster India & GitHub

Virtual Internship Program is an 8-week project-based learning program. The program consists of live hands-on training sessions, self-paced learning on the salesforce trailhead platform, ask a mentor sessions, project development, soft skills training, and followed by a career fair for eligible students.

Benefits to student:

- 100+ hrs of experiential learning on salesforce technologies
- Work on a Guided project with Mentor support
- Acquire super badges and build salesforce trailhead trailblazer profile
- Virtual internship completion certificate
- Access to career fair organized by hiring partners only for final year & passed-out students

Virtual Internship Roles:

Virtual internship program has two learning tracks as listed below

1. Salesforce Administrator Track: This learning track is suitable for the learner with limited coding skills
2. Salesforce Developer Track: This learning track is suitable for the learners with good coding skills. The learners enrolling for this track will be routed through Nasscom FutureSkills Platform for NOS (National Occupation Standard) aligned course.

Eligibility:

1. Students currently pursuing BE, B.Tech, ME, M.Tech, MCA, MBA, B.Sc, M.Sc. etc. in any engineering, science and management institutions in India.
2. Students currently pursuing their pre-final & final year can apply.
3. Students who graduated in the last two years 2020 & 2021 can also apply.
4. Students must be available virtually for a period of two months or 8 weeks.

We hope that our internship portal, which is entirely free of cost, will be helpful to your students in adapting to a transparent internship process and abundant access to real, credible and the most genuine opportunities.
