Subject: Scholarships offered by commonwealth of learning for unemployed / final year students to join various job oriented courses/ training programs offered by Google "reg.

Dear Sir / Madam,

Greetings from NEAT Cell, AICTE

We are happy to inform you that **Commonwealth of Learning (CoL), Vancouver, Canada** is offering scholarships to young unemployed graduates (including the students who are in final year) to join into various employable courses / JOB ORIENTED TRAINING programs (as part of skill development) offered online by Google (FIVE specialized programs). This activity is planned and executed by CoL as part of SKILL DEVELOPMENT for the unemployed and prospective employees.

CoL is facilitating the students to join these programs as part of their effort to develop the skills among the unemployed and the fees is paid by them as part of scholarship program (i.e. fee will be taken care by the CoL) to selected candidates. **Limited number of scholarships are offered by CoL FOR GOOGLE TRAINING PROGRAMS.**

The Google had designed five specialised employment-oriented programs for learners. They are as follows:

1. Professional Certificate in Google Data Analytics.
2. Professional Certificate in Google Project Management.
3. Professional Certificate in Google UX Design.
4. Professional Certificate in Google IT Support
5. Professional Certificate in Google IT Automation with Python.

Learning programs are accessible for 24X7 and anyone can use any number of hours on a single day. Once the candidate completes, one training program, they can pick up the second specialized certificate program. These job ready skills make them eligible for employment both in India and other countries. Many IT jobs are being advertised during this period and Google training programs are more in demand. **The students / unemployed graduates can choose their choice of courses (after admission is given by CoL) but have to complete the same within a stipulated time. The program includes, learning, completing the assignments and appearing for the examination, (wherever applicable), and then getting the certificate from Google.**

THE PROGRAM STARTS ON 1 JUNE 2022, THEREFORE THE INTERESTED CANDIDATES MAY SEND THEIR NOMINATIONS IMMEDIATELY.

The trainee can learn from videos, text, and submit online assignments at his /her convenient time (24X7) and complete,

The learners are expected to have the following:

1. ENGLISH- Minimum requirement is English knowledge as the online programs are offered in English
2. Passion and commitment to learn and complete the program on or before 30 Mar 2023, We request you to ask your staff to fill the details of each learner in Excel format with the details and send the same to email id: nlrao1948@gmail.com.

Please recommend only the students who are serious of completing the programs. The students can also send their details directly to mail id given below:

nlrao1948@gmail.com

The following details of each student may please be sent in excel sheet or word format

(Full Name; email; mobile; Gender (M/F/O); Disabled (Y/N); Form of disability

(Physical/Visual/Speech/Hearing/Others); Scholarship Selected google programs Certification selected

It is requested to encourage women and disabled to join into this training. The number of scholarships are limited, and the admission is first come first serve.

For any other clarifications, feel free to contact nlrao1948@gmail.com

With Regards,

Dr. Buddha Chandrasekhar,
