Subject: India's largest programming championship in collaboration with AICTE.

Sir/Madam,
We are happy to inform that, Coding Ninjas is one of the largest online EdTech coding platforms that has gained recognition as one of the leaders in upskilling students by getting them placed with high package jobs in top product-based companies.

Coding Ninjas in collaboration and supported by AICTE, Chandigarh University is keen to embody the central government's vision of National Education Policy 2020. The policy which encourage every student to learn programming, not only helps young minds develop a keen sense of logic but also proves to be a skill that they can leverage at any point in their careers. The future of the country lies in the cutting edge technologies like web 3.0, Metaverse, Data Science and Artificial Intelligence etc. that makes a strong foundation in technical education all the more imperative.

On the advent of the 75th independence of India, Coding Ninjas has entered into Amrit Kaal, Coding Ninjas joined hands with Chandigarh University to celebrate "Azadi Ka Amrit Mahotsav". On this note, Coding Ninjas proposes to organize the largest and one of its kind, pan India Programming Championship for all Engineering students across the country. This will not only prove to be a platform which facilitates skill based programming culture but will also prove to be an opportunity for every student who is skilled and needs a chance to showcase their potential.

The proposed programming championship will be open for all the engineering students across the country. It will be held online at Coding Ninjas Online Coding Portal across India and participants have to join through their respective Nodal centres. It is going to be a 3 staged competition which will be hosted on Coding Ninjas Platform in an online mode.

The tentative date for the competition is 1st week of June to 1st week of August 2022. For more information, candidate may access through the link https://www.codingninjas.com/codestudio/contests/iicc-innovate-india-coding-championship-round-1 (Facing any kind of issues, please reach out at parikh@codingninjas.com)
We hope students of your institutions will take maximum advantage of this partnership and for this you are requested to adequately publicize this information among your students and faculty members. There will be no financial liability on the students and institutions as well.
