Subject: The Annual Global Conference on Future Skills and Higher Education, I4IC (Industry 4.0 India Conference)-Reg.

Dear Sir/Madam,

This is to inform that the Digital Commonwealth (DCw) is a university on the frontlines of the intersections between business and technology. DCw works to ensure that digital possibilities for students are better understood and more accessible to everyone. The focus is to offer educational courses and to train digital economy professionals. DCw is a part of ATMC Education Group which is a multinational higher education conglomerate. Industry 4.0, the new and newly tech-enabled industries, is rapidly changing the talent demand landscape in India. Alongside new startups in AI, Robotics, Nanotechnology, Life Sciences and other areas, established companies are being transformed through process automation, changing global demands and new management practices.

The Digital Commonwealth Pvt. Ltd.(DCw) through Employability.Life is being organizing the Industry 4 India Conference on Friday, July 22<sup>nd</sup> 2022 at Le Meridien, New Delhi, to engage in a conversation about how the higher education sector can meet the demands for Industry 4.0 ready talent.

I4IC will bring policymakers, industry and higher education leaders together to discuss the challenges and opportunities in the rapidly changing talent landscape. It will be hosting panels focused on the changing skills need, the aspirations of India's New Education Policy, global practices in institutional transformation and more.

As part of I4IC, Employability.Life will be launching the Global Employability Handbook 2022. This handbook, a product of collaboration between industry professionals, academic thinkers and education innovators, will cover how Industry 4.0 will affect employability in India, and what the Higher Education institutions can do to help mend the skills and jobs gaps in India.

We hope students/faculties of your institutions will take maximum advantage of this conference and for this you are requested to adequately publicize this information among your students and faculty members. There will be no registration fee for delegates/participants.
