Subject: AICTE in collaboration with IBM SkillsBuild presenting an exciting Virtual Internships opportunity for students.

Greetings!

We are happy to announce that **IBM SkillsBuild Virtual Internships are available on AICTE internship portal.**

The virtual internships are provided by IBM through its IBM SkillsBuild platform. The IBM SkillsBuild **project-based internship on IR 4.0 technologies are for 8-weeks** (including self-paced and mentor-led) wherein students will work in teams to solve real-world challenges and create solutions that will give them hands-on experience critical for future employability.

The IBM SkillsBuild Internship will be brought to you by Edunet Foundation. **Edunet Foundation (EF) is the implementing partner that will be coordinating and managing all the internships on behalf of IBM.** The EF team will provide the nodal officer with regular interaction and feedback with students to ensure the highest quality of experience.

Internship details:

1. Apply for the internships through the AICTE portal at: <https://internship.aicte-india.org/>. Search for internships from 'IBM' or 'Edunet Foundation' in the search tab. You will be directed to the internships from IBM SkillsBuild in various domains. You may apply for the internship course of your choice.
2. Internship process:
 - The internship will be delivered virtually to all students, over an 8-weeks duration from the start date.
 - The internship will be delivered in teams of students. Each team of 5-8 students will be assigned a mentor from IBM and a calendar will be mapped.
 - The mentor will introduce the problem statement, help brain-storm solutions and guide students towards the technologies and skills required to solve the problem statement.
 - The internship concludes with a submission of project and delivery of a presentation.
 - Top teams are awarded for their ingenuity, along with the internship completion certificate and remaining teams are provided Internship certificates
 - Further details about the internship is available on the 'View details' segment on the internship page.

For additional details please contact Edunet Foundation team at:

Email: sb4js@edunetfoundation.org

NOTE :

- Only shortlisted students will be offered the internship offer letter.
- The students need to complete the self-paced courses in stipulated timeline and ensure minimum attendance of 80% for mentor led masterclass sessions, to be eligible for internship certificates.

- Eligible students will be awarded with a joint certificate from AICTE, IBM and Edunet Foundation, that acknowledges their participation in the internship and the name of the project that they delivered.
- In addition to the internship curriculum, the projects will be invited to be judged by a panel of industry specialists and the top products and solutions will be acknowledge and awarded.

We look forward to have you on board for a great internship experience!
