

Circular

To,

**All Vice Chancellors of Technical Universities and
All Directors/Principals of AICTE Approved Institutions.**

India International Science Festival (IISF) is a platform for public participation to inculcate scientific perspective and promote interest in science. Seven editions of IISF have been organized at various places across the country in the past. This year, eighth edition of IISF is being organized at **Maulana Azad National Institute of Technology (MANIT), Bhopal, Madhya Pradesh**. Theme for the 8th edition of IISF is Marching Towards Amrit Kaal with Science, Technology and Innovation.

Students Innovation Festival (SIF) is an event of IISF where college level onwards students participate in competition and also showcase their talents on an international stage. The Themes of SIF-2022 are: **Developing Sustainable Life based on Five Elements of Nature: The Earth, The Water, The fire, The air and The space**. Students from engineering as well as science streams, who are interested and involved in innovation and creativity can participate in the **Students' Innovation Festival (SIF-2022)**.

The selected models/entries will be showcased in the IISF on **22-23 January, 2023 at MANIT, Bhopal**. Registration can be done on the website <https://scienceindiafest.org>. For detailed information, **Brochure and Poster of SIF-2022 are enclosed herewith**. The last date for registration by the students is **13th January, 2023**.

In this regard you are requested to encourage students at your institutions to be part of such endeavour towards innovation. Your cooperation will help the students of every corner of our country to have opportunity to participate in such an event of National importance.
