

Dear Sir/Madam,

Greetings from NEAT Cell, AICTE..

As you are aware that we have the biggest employable workforce globally with one of the state-of-art education infrastructures. However, we have been experiencing that there is an urgent need to enhance the internship and employment opportunities with skill gap assessment of students as required in the industry against skills acquired by students for better career.

You would be happy to know that to bridge this skill and opportunity gap, AICTE has got into an agreement with www.mytat.co under NEAT2.0 initiative which is a new age skill development, skill acquisition and placement organization for Educational Institutions without any cost.

To support 2022-23 Freshers, MYTAT an AICTE Neat 2.0 partner, is conducting Virtual Campus Placement Drive for 250 + companies across India at no cost.

Looking forward to your active participation in this special drive so that students can get placed specially in this booming market (Post Covid).

Stream: Hotel Mgmt Stream: Diploma/Graduate/PG/Certification

The Salary range for this drive is from 1.80 LPA to 6.0 LPA.

You are kindly requested to circulate this information among the students so that they will get educated about this drive by means of online and offline activities (Notice board, Institution Website, Announcement in Common Assembly/Event/Classroom, and social media if any) and platforms so that they can apply at the earliest.
