Dear Sir/Madam,

Greetings from the AICTE..

Cyber Security is a serious system engineering problem and it needs engineered solutions. This is a crisis and the world needs serious intervention to create millions of cyber defenders with deep system engineering skills.

Considering the gravity of severe skill shortages of Cyber Defender, AICTE has partnered with Cybervidyapeeth Foundation, an educational entity dedicated to Cyber Defense, to provide **Free 100 hours** of intensive cyber–Engineering Skill Building on **"Cyber Défense Engineering Using Python program**" starting from 24th July'2023.

Accordingly, we request you to exhort Students of any stream access to a computer can register this unique "Zero to Hero Program". Cybervidyapeeth Foundation is planning to train around 100000 students for the batch from any stream who are passionate about real-world Cyber battles. Admission is based on a first come first serve basis.

Students can register online at: **https://cybervidyapeeth.in/python**

For further communication, please join the below given Telegram Groups:

https://t.me/+p1ESU9N-BIFmNTdl

https://t.me/Cybervidyapeethfoundation

Please exhorts students/Faculty of any stream of your institute to join the program and help build a critical mass of Cyber Rakshak for resilient Bharat.

For any other clarifications, feel free to contact shashank@cybervidyapeeth.in; mentor@cybervidyapeeth.in.

With Regards,

Dr. Buddha Chandrasekhar,

Chief Coordinating Officer,
