F. No. AICTE/TLB/IPC/2023-24

Dated: 16-08-2023

To,

The Director/Principal,
AICTE Approved Institutes

Subject: Invitation for Energy Literacy Training.

Dear Sir/Madam,

Greetings from the AICTE!!!

Climate is not changing, it has changed, mainly due to use of energy. Knowingly or unknowingly we tend to mis-use, over-use and inefficiently-use energy and contribute more to climate change.

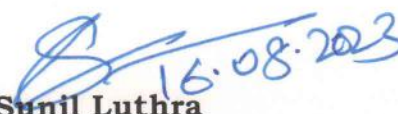

Every user of energy should become Energy Literate. All India Council for Technical Education (AICTE), in collaboration with Energy Swaraj Foundation have launched Energy Literacy Training. In this training one learns about energy generation, consumption and its impact on the environment. You can also learn how to reduce your energy needs and how one can switch to solar energy 100%. The training consists of 12 modules of about 15 minutes each and can be done easily within 3 to 4 hours.

On successful completion of training, everyone gets a certificate of Energy Literacy with the logo of All India Council for Technical Education (AICTE). Each affiliated organization can add their own logo as well on certificates.

All affiliated organizations may add these training modules in the 3-week Induction Program for first year students. For more details, please visit the following link.

Click on the link - <http://bit.ly/aicte-elt>

All affiliated organizations are invited to register as organization and students can register as individual.

Dr. Sunil Luthra
Director T&LB
