

Dear Sir/Mam,  
Greetings from AICTE..

We would like to kindly bring to your attention an upcoming opportunity for faculty and students regarding Enterprise Architecture.

The Open Group in association with AICTE is organizing a **2-Day** Virtual Masterclass on Enterprise Architecture on **October 27th and October 28th, 2023**.

This session is specifically designed for faculty and students who are pursuing engineering and MBA, and are interested in gaining knowledge about enterprise architecture and its relevance in the digital-first world.

**Session Details:**

**Mode:** Virtual hosted on Webex

**Date & Time:** October 27<sup>th</sup> & 28<sup>th</sup>, 2023, 1 PM to 6 PM IST

**Registration:** Please register [here](#). The link to join will be sent after the completion of registration.

*Note: **There is no fee for this masterclass**. On completion, an e-certificate of participation will be provided to participants.*

<b>DAY 1 - Friday, October 27<sup>th</sup>, 2023, 1 PM TO 6 PM IST</b>	
<b>Time</b>	<b>Agenda</b>
1 PM	<b>Welcome and Introduction</b> <b>Dr. Pallab Saha, General Manager (India), The Open Group</b> <b>Minakshi Kargeti, Senior Manager Member Engagement, The Open Group</b> <b>Tarun Gupta, CTO - Emerging Markets LTIMindtree</b>
1.15 PM	<b>Keynote Address Hon'ble Chief Guest</b> <b>Chandrasekhar Buddha, Chief Coordinating Officer, AICTE</b>
1.35 PM	<b>Session 1: Introduction and Significance</b> <b>Dr. Aditi Divatia, Associate Professor, Information Management, SPJIMR Mumbai</b> The first session will focus on introducing and explaining the importance of enterprise architecture. It will provide an overview of what enterprise architecture is and why it is important in today's business world.
3.00 PM	<b>Session 2: Developing Enterprise Architecture</b> <b>Dr. Anil Paingankar, APAC Practice Leader, Complex Solution Architecture, IBM</b> In this session participants will gain a deep understanding of the key components that make up an enterprise architecture framework. They will learn about the different views and perspectives that need to be considered when developing an effective framework.
4.25 PM	<b>Session 3: Managing Enterprise Architecture</b> <b>Somesh Bartakke, GM-Technology Solutions Architect, John Deere</b>

	This session will cover the management aspect of enterprise architecture. It will provide insights on how to effectively manage and maintain an enterprise architecture system after it has been implemented.
