After joining this College way back in 2012, I got a chance to come under the excellent mentorship of Professors here, who were always around to guide me and to help me plan my carrier. The various lab sessions and workshops that are regularly conducted as a part of the curriculum helped me gather a lot of practical knowledge of my subjects. Apart from learning technical skills here, I also laid the foundation of the Technical Club of my Engineering College, under the able guidance of the educational leaders of the Institute and for the first time in Delhi-NCR, wewitnessed the biggest Technical Fest of the Region, bringing over 1500 students from different colleges and institutes to showcase their technical skills. All the skills that I have acquired as a student of this premier Institute, be it Technical or Managerial, is helping me a lot to grow as a professional and even as a person. "When your carrier demands the best, trust only the leaders", is truly stated for this Institute.

Greater Noida Institute Of Technology has been a crucial milestone in my journey. It has acted as a stepping stone for my success graph. The teachers are supportive and keep a student oriented attitude. As they say, college days are the best part of life, my experience with this college holds it so true. The classes are guided by rational structured courses and cogent reasoning to understand the concept and their applications. The college strives to develop and nurture other aspects of the personality by conducting entrepreneurial, cultural and sports events. I am grateful to be a part of such an Institution.

I am very thankful to my parents, my friends, my faculty and my college, "GNIOT", Greater Noida for where I am today. I took admission in GNIOT in 2008 and completed my B.Tech. in Computer Science domain in 2012. In my 4-year journey, I had initially taken admission in IT stream but in my 2nd year I changed my branch to CS, thanks to GNIOT registrar team who made it possible. I am very thankful to the then HOD of IT, Ms. Vasudha Tiwari and the then HOD of CSE who always supported each and every student for every little thing. I have learnt a lot during my engineering course specially the basics of software development, different software languages like JAVA, C, and most important Data Structures and Algorithms. The concepts that I learnt in theory and practical, I am applying the same in my actual work. I am also very thankful to TRC community which enhanced my growth and interest in extracurricular activities. I am grateful to placement team also who helped and trained me during the interview preparation and provided timely feedback to focus on technical as well as on behavioral skills. I express my sincere thanks to each and everyone who directly or indirectly was part of my engineering journey.

At GNIOT I got an opportunity to learn management in the company of students hailing from different backgrounds and thoughts. GNIOT provided us various opportunities to learn the things in our own way by providing ideal mix of academics and exposure in terms of corporate interfaces. The facilities at GNIOT rank at par with the very best in India.

GNIOT ROCKS...!!

GAURAV TRIPATHI

Capgemini

Consultant & lead

It was wonderful connecting with you last week. I feel honored to realize that I am still remembered by my teachers in an institution where I have got so much in terms of everything. I feel it hard to explain in words but if it was to be put in words then I would say my experience in my college was very "enriching". From my first day in college till the end each day had something or the other in stock to cherish about. I still have those memories fresh and often get goosebumps thinking about them (In a happy mood).

I remember all the pep talks I used to have with Ma'am Himdweep Khurana, Ma'am Minakshi Awasthi and almost all my teachers and some of them I will carry all through my life. Today I am working with Capgemini as a consultant & a lead and have worked in different countries and often use our life changing lessons to pep my teams.

Thank you very much for everything and making me what I am today!

I would like to express my gratitude to GNIOT for their support, guidance and motivation in shaping my amazing carrier. I have spent my life's happiest 4 years at GNIOT. This journey made me enough techno-functional student. Today what I am is owed to my college only. I would like to thank the GNIOT Management and the outstanding faculty for providing me a kind of extra-ordinary education, tremendous knowledge due to which I was selected in TCS. GNIOT has not only taught us to stand independently but also has helped us to reach to the infinite sky in all possible ways. GNIOT has stood up to our expectations in all the ways. It made us learn to embrace our talent and to grow in the field of technology and prove as an asset to the society. My experience with GNIOT could never be described completely in words. Words may fall short. I feel privileged to be a part of GNIOT Family and I wish I always remain in touch with GNIOT. My best wishes to the college.

OUR RECRUITERS

A highly dynamic global business environment calls for specific skills. India is marching ahead with a fast pace. The 21st century belongs to us and in this effort the country will definitely need young, trained and skilled technocrats and professional managers.

Here, in GNIOT, students acquire industry specific knowledge, self management, character formation, team work and developing a creative way of presenting their thoughts and ideas, apart from routine academic training and courses.
