WEBINAR ON POWER PLANT EQUIPMENT DESIGNING

(24 April 2021, Saturday)

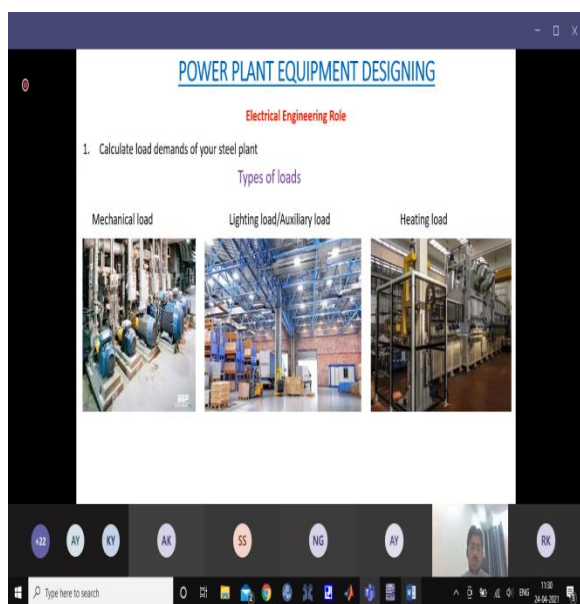

The Department of Electrical Engineering organized a webinar on “Power Plant Equipment Designing” on 24 April, 2021.

The webinar was quite successful mainly due to valuable suggestions and support provided by the College Management and Director Dr. Dhiraj Gupta. The session was quite interactive and all participants attended very actively as a result of excellent efforts made by the moderator, Mr. Rajesh Kumar.

Session was inaugurated by Director GNIOT Dr. Dhiraj Gupta with his introductory session. The head of the department Mr. Nikhil Kumar Gupta shared his knowledge about the need and importance of the power plant equipment designing.

Mr. Prashant Kumar Singh was the speaker of the webinar. Mr. Singh is an Alumnus of the Electrical Engineering department, 2014-2018 batch and has three years of experience in Electrical Engineering field. He has wide range of experience in electrical designing of power plant, substation, switchyards and O/H & U/G transmission lines. Currently, he is an

Assistant Manager (Electrical) with Procon India Pvt. Ltd.

PLACEMENT DRIVE WITH MAVENTIC

(27 April 2021, Tuesday)

The Department of Training and Placement successfully conducted Placement Drive with **Maventic** for the students of B.TECH (CS/IT) & MCA on 27 April 2021.

Maventic is a software product and services organization based out of Bangalore which works with large global customers in multiple countries. The company provides innovative and robust business solutions to

our customers through onsite and offshore model. They also provide high end development services for customers in Retail, FMCG, Automotive, High Tech, and Chemical Industries. Their unique solutions are designed so that complex business processes can be simplified through state of the art technologies. The customers of company are geographically located in multiple countries like **European countries, US, Dubai, South East Asia and India.**

GNIOT family congratulates Nitin Pandey and Guneet Gupta of B.Tech. Computer Science branch for getting selected as Software developer at a package of 3.5 LPA.

EXPERT TALK ON “HOW TO START A LUCRATIVE CAREER AS A DESIGN ENGINEER”

(29 April 2021, Thursday)

The Department of Mechanical Engineering organized an expert talk on “How to Start a Lucrative Career as a design Engineer” for the students of Mechanical final year.

Mr. Balasaheb Khalekar (CEO at ITE Pune) delivered expert lecture focusing on basics of Design engineering, their day-to-

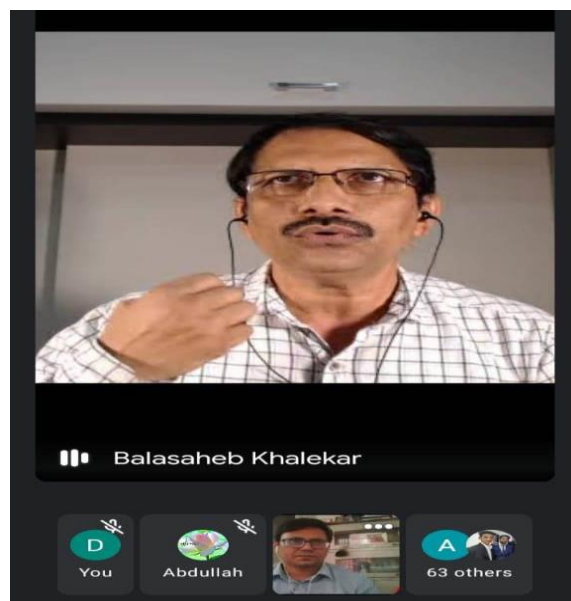

day problems and their performance during the service in ITE Pune

. Mr. Balasaheb Khalekar, CEO, ITE Pune was the key speaker at this webinar. He has rich experience in the field of Product Design Engineering. Dr. Pranveer Singh Director General GNIOT, Dr. Dhiraj Gupta Director GNIOT and Dr. Rajeev Kumar, HoD Mechanical welcomed Mr. Balasaheb Khalekar with their valuable words.

Mr. Balasaheb Khalekar introduced all the processes of career oriented design fundamentals and problem evaluations with their specific applications in industries in a very lucid way and elaborated on future scopes.

Mr. Balasaheb Khalekar gave a highly encouraging talk mesmerizing students as well as faculty members.

Design engineering being a state of art technology in almost every industry was touched upon with latest developments. This is certainly an out of box developments in design oriented career that has so far being consider a very challenging task. More than 70 members participated in the webinar. It was a great success. At the end of the lecture Mr. Balasaheb Khalekar interacted with students and answered their queries related to the topic.

WEBINAR ON DEVELOPING INFRASTRUCTURE

(1 May 2021, Saturday)

The **Civil Engineering Department** in association with **Alumni Cell**, GNIOT Organized a webinar on **"Developing Infrastructure"** on 1 May 2021. The key note speaker was none other than our Alumni **Mr. Mukesh Kumar Jaiswal (Working with Indian railways, Varanasi)** and **Mr. Abhishek Kumar Gupta (L&T Constructions)**.

Event was inaugurated by the Director of the Institute Dr Dhiraj Gupta with his motivated words. Both Alumni's gave a brief idea to the students about what infrastructure is and

their important roles in our lives. How they can change our system and how that affects our surroundings? Students were motivated a lot and the event was highly appreciated by the students.

Overall the event was highly successful under the Guidance of Head of the Department Dr. Rajesh Sharma.

PLACEMENT DRIVE WITH AGRA PRODUCTS PRIVATE LIMITED

(6 May 2021, Thursday)

The Department of Training and Placement successfully conducted Placement Drive with **Agra Products Private Limited** for the students of B.Tech. - Mechanical Engineering on 6 May 2021.

GNIOT family congratulates Ankit Kumar and Krishnakant for getting selected as trainee at a package of 2.4 LPA.

PLACEMENT DRIVE WITH SATIN CREDIT CARE NETWORK LTD

(12 May 2021, Wednesday)

The Department of Training and Placement successfully conducted Placement Drive with **Satin Credit Care Network Ltd** for

the students of B.Tech. (CS/IT) & MCA on 12 May 2021.

Satin Creditcare Network Limited (SCNL) was formed in 1990 as a Non-Banking Finance Company (NBFC) with the simple concept of providing individual loans to urban shopkeepers for tiny businesses. SCNL is listed on Delhi, Jaipur and Ludhiana stock exchanges since 1996 through an IPO. SCNL is also listed on the Calcutta Stock Exchange (CSE), National Stock Exchange (NSE) and Bombay Stock Exchange (BSE).

The four cornerstones of Satin technologies are:

1. Artificial Intelligence / Machine Learning
2. User Experience
3. Cloud
4. DevOps & Automation

GNIOT family congratulates **Jitin Patel** for getting selected as IT trainee at a package of 5.0 LPA.

PLACEMENT DRIVE WITH KLOUDRAC SOFTWARES PVT LTD

(28 May 2021, Friday)

The Department of Training and Placement successfully conducted Placement Drive with **Kloudrac Softwares Pvt Ltd** for the students of B.Tech. (CS/IT/EC) & MCA on 28 May 2021.

Kloudrac is a team of highly professional and skilled resources with rich experience in consulting, managing, delivery and support for cloud based IT infrastructure. They provide unique, industry specific applications on a secure and highly scalable platform that lends organizations much needed agility in today's dynamic business environment.

GNIOT family congratulates the following students for getting selected as Software Engineer Trainee at a package of 4.0 LPA.

EXPERT TALK ON AWARENESS ON SUSTAINABLE AND EFFICIENT INDUSTRIAL TECHNOLOGY

(1 June 2021, Tuesday)

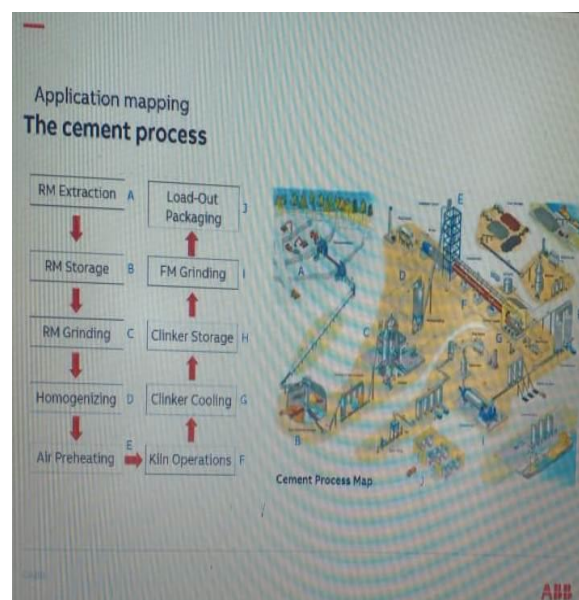

The Department of Mechanical Engineering organized a Webinar on “Awareness on sustainable, efficient Industrial Technology” for the students of third year and final year.

Dr. Pranveer Singh, Director General GNIOT, Dr. Dhiraj Gupta Director GNIOT and Dr. Rajeev Kumar HOD Mechanical Engineering welcomed the guest.

Er. Nishant Mishra Project Manager (ABB, INDIA LTD) delivered expert lecture in a very lucid way with keen focus

on new and innovated Mechanical power systems, their transmissions and performances during the service in various Power Transmission sectors.

Er. Nishant Mishra Project Manager (ABB, India Ltd) was the key speaker. He has rich experience in the field of Mechanical Power transmission systems and automations. He also introduced all the automated equipments and devices utilized in various industries like cement plants, rice mills, coal mines and food processing industries and also put emphasis on their future scopes.

He also discussed the common causes of failure or underperformance of seals and bearings along with the needed skill sets of

today's newly pass out students to be recruited by industries. More than 85 members participated in the webinar. It was a great success.

PLACEMENT DRIVE WITH PEOPLESTRONG TECHNOLOGIES (3 June 2021, Thursday)

The Department of Training and Placement successfully conducted Placement Drive with **PeopleStrong Technologies** for all the branches of B.Tech. GNIOT family congratulates the following students for getting selected as Principal Consultant at a package of 3.5 LPA

S.No	NAME	BRANCH
1	Abhishek Jha	IT

PLACEMENT DRIVE WITH NEWGEN SOFTWARE (9 June 2021, Wednesday)

The Department of Training and Placement successfully conducted Placement Drive with **Newgen Software** for the students of B.Tech. (EC / EE / ME / CE) on 9 June 2021. Newgen is the leading provider of a

unified digital transformation platform with native process automation, content services, and communication management capabilities.

GNIOT family congratulates Adarsh Kumar and Shivam Paul of B.Tech- EC for getting selected as Associate Software Engineer Trainee at a package of 4.5LPA.

FAREWELL PARTY OF COMPUTER SCIENCE DEPARTMENT

(14 June 2021, Monday)

As the seniors are on a threshold of completing their four years journey, the third year students of "Greater Noida Institute of Technology" organized an online department farewell for "Computer Science

and Engineering Department" seniors on 14th June. The event was completed under the guidance of the Head of Department- Dr. Rajdev Tiwari.

The event included poetry, dance, collage display, online games, good bye wishes from teachers and tag distribution.

Guneet Gupta won the tag of Mr. Farewell and Vidhi Sharma was declared Miss Farewell. The team members of the event were Vaibhav Mathur, Shruti Rai, Neha Mishra, Kanishka Sirohi, Vidya Raj, Deepak Kumar, Aryan Tripathi and Yusuf Siddqui.

PLACEMENT DRIVE WITH NAGARRO

(18 June 2021, Friday)

The Department of Training and Placement successfully conducted Placement Drive with **Nagarro** for the students of B.Tech. (CS /IT & EC) on 18 June 2021.

Nagarro is a global software development and technology consulting company that provides services for digital disruption to Fortune 500 companies and leading ISVs. Nagarro specializes in solving complex and strategic services for clients, and is known for agile engineering, co-innovation and high-quality standards.

Nagarro is a custom software development and business consulting company that provides consulting and technology services to its clients. It is headquartered in Munich, Germany and has its primary development center in Gurgaon, in the National Capital Region of India.

GNIOT family congratulates **Guneet Gupta** of B.Tech. Computer Science branch for getting selected as Software Developer at a package of 4.0 LPA.

PLACEMENT DRIVE WITH NTT DATA

(23 June 2021, Wednesday)

The Department of Training and Placement successfully conducted Placement Drive with NTT Data for the students of **B.Tech. (CS/IT/EC/EE)** on 23 June 2021. NTT DATA Services, is headquartered in Plano, Texas, our team of more than 50,000 professionals worldwide works to address today's challenges, and tomorrow's – whether it's to help jump-start the cloud migration, reinvent the customer experience, streamline business processes or upgrade aging infrastructure..

Date - 09.07.2021 | Timing - 2:00PM to 3:00PM

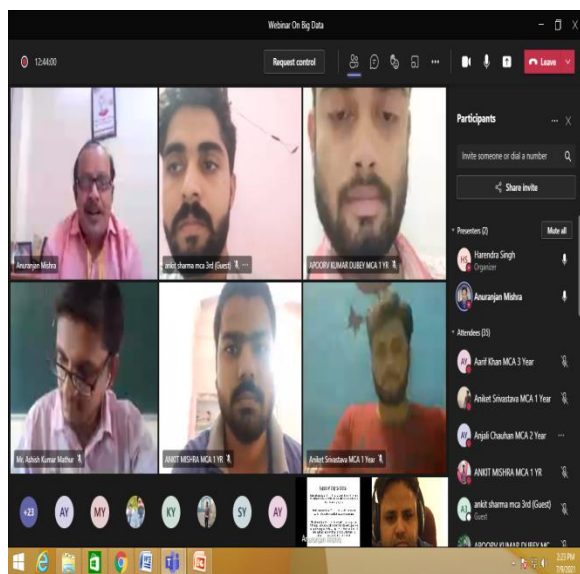

Plot No. 7, Knowledge Park II
Greater Noida, Uttar Pradesh 201310

www.gniotgroup.edu.in

1800-274-6969

Now a day's big data technologies are demanded in various fields or organizations. Big data is a specific indication that is used

to describe the vast assemblage of data that is huge in size and exponentially increasing with time. It simply specifies the massive amount of data that is hard to stock, investigate, and transform with conventional tools of management. Actually, **Big Data Technologies** is the utilization of software that incorporates data mining, data storage, data sharing & data visualization, the comprehensive term embraces data, data framework including tools and techniques used to investigate and transform data.

Dr. Anuranjan Mishra, Dean R&D GNIOT, focused on Digital Data. The data which is in digital form and can be displayed, stored, retrieved.

FAREWELL PARTY OF DEPARTMENT OF INFORMATION TECHNOLOGY

(9 July 2021, Friday)

The Department of Information Technology and Cultural Club organized a farewell for their beloved seniors on 9th July, 2021 from 1:00 PM onwards.

In this Pandemic period when all the students are packed in their houses, there is somewhere a dream of each student to celebrate their victory as they are about to complete the most interesting four years of their life. As they say, "The show must go on." the same way, 3rd year students came forward to give their seniors, the best farewell possible, by arranging it in an

online medium. Event was inaugurated by the Head of the Department Dr. Ramveer Singh with welcome speech. Event proceeded with the delightful and motivational speech of Director of the institute Dr. Dhiraj Gupta. In this series Director General of the institute Dr. Pranveer Singh also delivered his most valuable, inspiring and didactic speech to the final year students. Various cultural programme was organized by the third year students followed by various virtual games. Parth Kaushik and Shilpa Sharma were given the title of Mr. Farewell and Ms. Farewell respectively.

PLACEMENT DRIVE WITH COGNIZANT TECHNOLOGY SOLUTIONS

(10 July 2021, Saturday)

The Department of Training and Placement successfully conducted Placement Drive with Cognizant Technology Solutions on 10 July 2021 for the students of B.Tech.-CSE, IT, EC & EE.

GNIOT family congratulates Guneet Gupta of B.Tech- ECE for getting selected as Software Developer at a package of 3.5LPA.

WORKSHOP ON “INNOVATION AND STARTUP ECOSYSTEM”

(29 July 2021, Thursday)

GNIOT-Institute’s Innovation Council

(An Initiative of Ministry of Education, Govt. of India) in association with Computer Society of India, Ghaziabad Chapter, GNIOT- Business Incubation Center (an Initiative of Ministry of MSME, Govt. of India) and Department of Information Technology (Greater Noida Institute of technology- GNIOT) organized a live workshop on **“Innovation and startup Ecosystem”** on 29-07-2021 from 11:00 am to 12:00 pm.

The Speaker for the session was **Ms. Shivaarti Bajaj** (Counsellor, Yednap Legal).

Ms. Uma Tomer, Assistant Professor, IT Department welcomed Honorable Director General, Dr. Pranveer Singh, Respected Director, Dr. Dhiraj Gupta, Venerable Dean (R & D) Dr. Anuranjan Mishra Sir, Respected HOD, Dr. Ramveer Singh, and Deputy HoD IT, Deepak Kannoja and Eminent guest & speaker of the session **Ms. Shivaarti Bajaj** and all other participants.

Ms. Shivaarti Bajaj enlightened the knowledge on Startup Ecosystem and Key Startup Compliances. She also explained that what are Intellectual Properties and what are Intellectual Property Rights?

She cleared that one product can be registered as a trade mark?

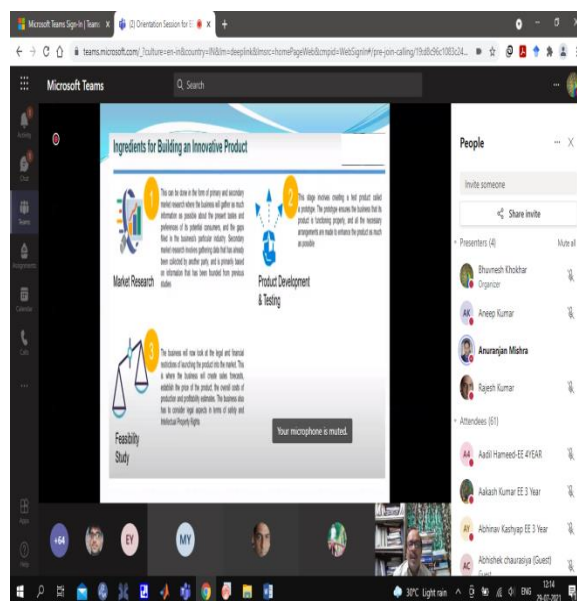

A startup ecosystem is formed by people, startups in their various stages and various types of organizations in a location (physical and/or virtual), interacting as a system to create new startup companies.

Further she added definition of Novelty as a “New Invention” means any invention or technology which has not been anticipated by publication in any document or used in the country or elsewhere in the world before the date of filing of patent application with complete specification, i.e. the subject matter has not fallen in public domain or that it does not form part of the state of the art.

The Deputy HoD, IT, Mr. Deepak Kanojia proposed vote of thanks to the guest and other dignitaries.

The students participated with full enthusiasm. They got the knowledge, inspiration and motivation from the speaker of the session.

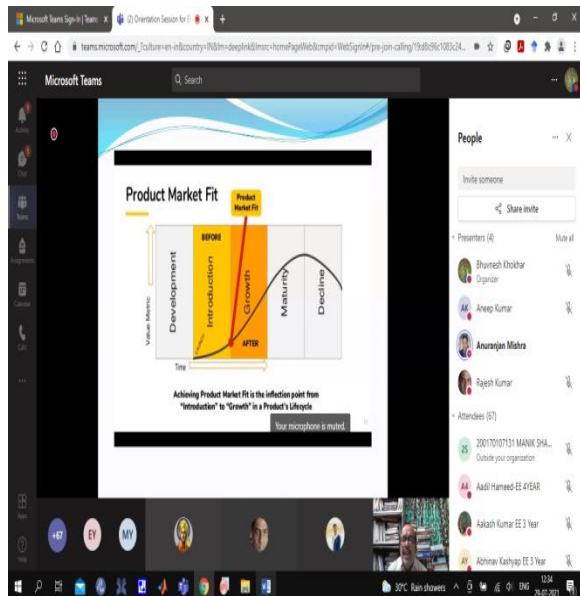

WEBINAR ON INNOVATION (29 July 2021, Thursday)

The Research & Development Cell, GNIOT organized a Webinar on “**Innovation**” in the Department of Electrical Engineering on 29 July, 2021. About 70 participants attended the webinar. The webinar was quite successful mainly due to valuable suggestions and support provided by the College Management. The session was quite interactive and all participants attended very actively as a result

of excellent efforts made by the moderator,
Dr. Bhuvnesh Khokhar.

Dr. Anuranjan Mishra (Head, Research & Development Cell) as the key speaker illuminated the participants about all aspects related to innovation and explained how it is the need of the hour.

He presented various interesting examples to make the participants clearer about the concept of innovation. Dr. M. P. S. Rawat concluded the webinar by sharing his valuable knowledge regarding the need of innovation.

PLACEMENT DRIVE WITH CLOUD ANALOGY

(19 July 2021, Monday)

The Department of Training and Placement successfully conducted Placement Drive with **Cloud Analogy** for the students of B.Tech. (CS/IT) & MCA.

Cloud Analogy is recognized as the fastest-growing Salesforce development company.

The stunning success of the company is attributed to the hard-working teams of Salesforce Certified designers, SFDC technical architects, and developers

GNIOT family congratulates the following students for getting selected at a package of 2.4 LPA:

VISHWAKARAMA DAY CELEBRATION

(17 September 2021, Friday)

The Department of Mechanical Engineering celebrated 'Vishwakarma day' on 17 September 2021. On this occasion, 'Pooja' and 'Tilak' of all machinery parts and tools were done by the Hon'ble Chairman, Director GNIOT, HOD and all staff of the Mechanical Engineering department.

The worship of Lord Vishwakarma was held in the Manufacturing Science Lab of the Mechanical Engineering department. All the students and staff members of the Institute

took part in function and at last ‘Prashad’ was distributed among the all present members.

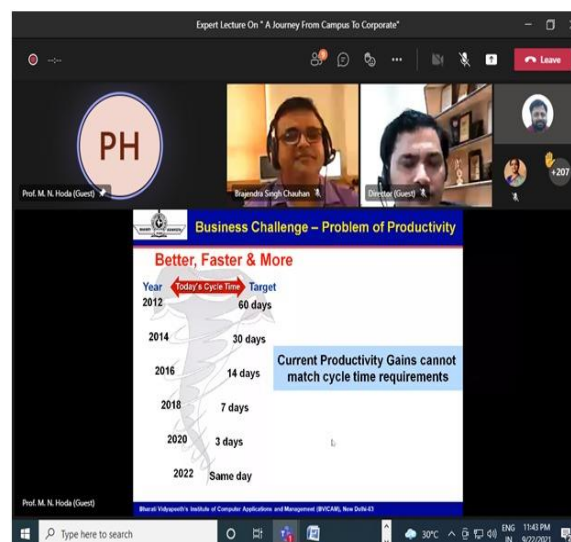

WEBINAR ON A JOURNEY FROM CAMPUS TO CORPORATE (23 September 2021, Thursday)

GNIOT Greater Noida touched the nerves of the **B.Tech First Year** students for the session 2021-22 for the first time through a vibrant lecture of around 1.30 hrs delivered by Prof M.N. Hoda, Director Bharti Vidyappeth's Institute of Computer applications and Management.

Prof Hoda through his excellent oratory skills and real life examples guided our students and faculties to understand industry expectations from fresh graduates. The

expert talk was intended for the young student's transition from their campus life to the corporate world.

Prof. Hoda introduced attendees to the world of Six Sigma and uncloned the importance of the six-sigma way of problem-solving, use of appropriate tools and techniques, data-driven decision-making, and customer-centric & process-centric approach towards quality. He elaborated on the expectations of the corporate world from the professionals and emphasized on the necessity of change in one's life and skills, adaptations to the changing technology, etc.

Students were very enthusiastic to get connected for the first time to their home of aspirations; more than 242 students were connected in the event.

The event started with the formal welcome of Prof Hoda by Dr B.S. Chauhan, Dean B.Tech First year and Ms Vasudha Tiwari was the moderator of the event.

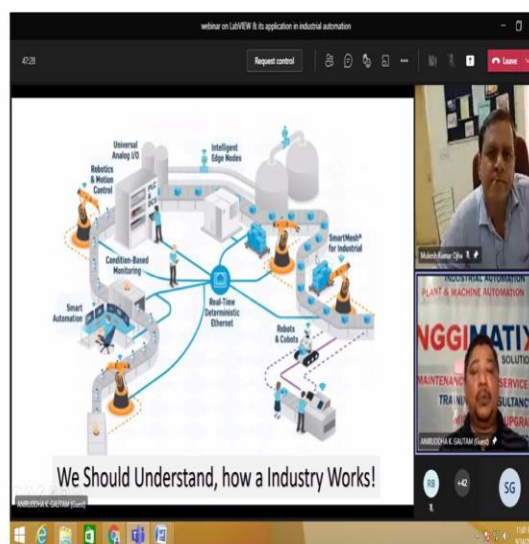

WEBINAR ON LABVIEW & IT'S APPLICATION IN INDUSTRIAL AUTOMATION (25 September 2021, Saturday)

The Electronics and Communication Engineering department organized a webinar on LabView & It's application in industrial automation on 25 September 2021.

The resource person of the webinar was **Mr. Anirudh K. Gautam**, a certified Labview developer from National Instruments, USA and Founder of Enggimatrix solutions (P)

Ltd. The session was started with an overview on Labview & ended with application of Labview in various fields such as IOT, cyber security, industry 4.0 & industrial automation using Labview.

The webinar was attended by more than 65 participants that include students & Faculty members from EC Department.

EXPERT TALK ON HYBRID ADDITIVE MANUFACTURING (25 September 2021, Saturday)

The Department of Mechanical Engineering organized an expert talk on “Hybrid Additive Manufacturing” for the students of Mechanical third year and final year.

Dr. Somnath Chattopadhyaya (Associate Professor at IIT(ISM) Dhanbad) delivered expert lecture focusing on basics of Additive Manufacturing processes, their hybridization and performance during the service in various Manufacturing and Industrial sectors.

Dr. Pranveer Singh Director General GNIOT, Dr. Dhiraj Gupta Director GNIOT and Dr. Rajeev Kumar HOD Mechanical Engineering Department welcomed Dr. Somnath Chattopadhyaya with their valuable words

Dr. Somnath Chattopadhyaya, Associate Professor, IIT Dhanbad was the speaker at

this webinar. He has rich experience in the field of additive manufacturing. He introduced all the processes of Hybrid additive manufacturing with their specific applications in industries and future scopes.

Dr. Chattopadhyaya gave a highly encouraging talk. Hybrid additive manufacturing being a state of art technology was touched upon with latest developments including joining of dissimilar impeller blades. This is certainly an out of box developments as joining of moving parts has so far being consider a very challenging task. More than 70 members participated in the webinar. It was a great success. At the end of lecture Dr. Somnath Chattopadhyaya interacted with students and answered their queries related to the topic.

PLACEMENT DRIVE WITH IMPETUS (29 September 2021, Wednesday)

The Department of Training and Placement successfully conducted Placement Drive with **Impetus** for the students of B.Tech. (CS/IT) & MCA. Impetus is focused on creating big business impact through big data solutions for Fortune 1000 enterprises. The company offers a unique mix of

software products, consulting services, data science capabilities, and technology expertise.

GNIOT family congratulates the following students for getting selected as Software Engineer at a package of 5.0 LPA:

S.NO	NAME	BRANCH
1	Nishant Ranjan	CS
2	Shilpa Sharma	IT
3	Ajit Kumar Singh	CS
4	Shashank Tripathi	IT

DRUG FREE INDIA CAMPAIGN (29 September 2021, Wednesday)

GNIOT CARES (Social Club) of GNIOT organized "**Drug Free India Campaign**" 29 September 2021. The Chief Guest of the program was **Shri Shailendra Bahadur Singh (District Social Welfare Officer, Gautam Buddha Nagar)** along with **Shri Kunwar Singh Yadav (District Panchayati Raj Officer, Gautam Buddha Nagar)**, **Dr. Sweta Khurana (Consultant, Tobacco Control Cell, Gautam Buddha Nagar)**.

The program was inaugurated by **Dr. Pranveer Singh, General Director, GNIOT Group**; he welcomed all the guests and shared his resolved thoughts with all the teachers and students in the context of "Drug Free India". Dr. Khurana told with facts that how smoking cigarettes is harmful and many people without caring about it are spoiling their valuable health by consuming cigarettes, bidis and gutka.

Shri Kunwar Singh also very effectively suggested the way to be healthy to everyone and made India aware to make India drug free. Shri Shailendra Bahadur Singh ji while expressing his anguish towards the society said that what a person eats not only effects on his body but also on his mind. He

inspired everyone to make a drug free society by giving many examples.

In a meaningful discussion of the program, **Dr. Dheeraj Gupta, Director of the Institute**, while keeping his brilliant views, advised everyone not to take drugs. In the last phase of the program, the students of Social Club and Cultural Club made the program organized on "Drug Free India Campaign" meaningful by giving a brilliant presentation of street play in this episode. In which he not only portrayed the society but also gave the message to every citizen to stay away from drugs.

At the end of the program, Mr. Manoj Kumar Gupta (Convener, Social Club), expressed his gratitude to all the guests, the student artists of the street play team for their wonderful act and all the associates who put their efforts for making the program a success.

INDUSTRIAL VISIT TO AUTOMATION ENGINEERS A. B. PVT. LTD (30 September 2021, Thursday)

An industrial visit was organized by the Department of Electrical Engineering on 30 September, 2021 from 10:30 AM onwards.

- The visit was scheduled for **Automation Engineers A. B. Pvt. Ltd.**, A-69, Sec-83, Phase-2, Noida, UP (201301)
- Mr. Rajesh Kumar, Asst. Prof., Dept. of EE, and Mr. Sushil Singh, Assistant Professor of Electrical Engineering, escorted the students for the visit.

Automation Engineers A.B. Pvt. Ltd. is a Private Limited Company promoted by well-qualified and experienced engineering professionals with years of experience in the field of industrial automation solution in association with M/s Siemens Ltd., since 1998.

OBJECTIVES

- The main objective of the visit was to bridge the gap between industry and college so as to help the students with their campus placements.
- To provide trained industry professional/manpower for automation.
- To make students aware about panel manufacturing workshop and software development.

OUTCOME

The students were able to learn about:

- manufacturing of variable frequency drives, DC drives, and servo drives
 - PLC/SCADA
 - control instrumentation
-
