Campus Placements 2019	
Job Notification Form	
COMPANY OVERVIEW	
Name of the Company	TRICOLITE ELECTRICAL INDUSTRIES LIMITED
Website / Other source of Information	www.tricolite.com
Company Type	Product
Brief write-up on the Company (50 to 75 words)	<p>From trading of small home use electrical equipment to manufacturing of re-wirable switch fuse units to leaders in manufacturing of custom build switchboards and turnkey solutions provider, Tricolite has come a long way since its inception. At all stages of its life it has always been lead by dynamic thinkers who believed in setting new trends in the industry.</p> <p>A privately held organization, it has its presence in three verticals of manufacturing, marketing and turnkey projects. Manufacturing forms the main business while Marketing and Turnkey Projects are forward and backward integrated businesses, where too Tricolite has made a significant presence.</p> <p>The manufacturing setup based in Delhi NCR utilizes about 2,00,000sqft area for its operations. Installed with state of the art machinery in all functions from Fabrication to Testing, the layouts are designed as per flow manufacturing and TQM recommendations to minimize non-essential movement of man and material. Latest Designing and testing programs that make our working efficient and error free like EPLAN, PRIMAVERA, Biloma etc. are used to optimize working time. We are the first in the industry to use Pro-panel software that enables us to plan inventories of even C class items.</p> <p>TRICOLITE today is the first choice of industry leaders. Through decades of delivering quality products, it has acquired patrons across the length and breadth of the country. We are present in every segment defined in the market giving us the competitive edge of experience in dealing with diversified specifications.</p> <p>Through new businesses of marketing and projects we are now also equipped to provide a one stop shop solution to our customers that would given them a uniform experience of quality and customer centric service. We earnestly believe we can add value to their requirements and educate them on optimum environment friendly solutions.</p>
